Counsel Preparing "Boss" to Ringlingville Is Now Open Withstand Attacks by Colonel's Lawyers.

TO RESUME TRIAL TODAY

Defense Confident Evidence Can Be Made to Fit Requisites Laid Down by Court.

Syracuse, May 9.-William Barnes spent the day discussing with his lawyers the plan for attack to be made on Col. Roosevelt when the Barnes Roosevelt libel suit is resumed before Justice Andrews in the Supreme Court

The Barnes side will begin the aggressive either in the afternoon o early Tuesday morning. Barnes will be the last witness. He has a clearly defined idea of what his testimony is Much depends on how he de livers it. While Barnes is thoroughly angry at the Colonel, and as eager as possible to inflict all possible damage on his political enemy he has thus far remained calm.

Fear Barnes' Temper.

But he is not the most placid man in the world when irritated, and many of his followers fear that when he gets on the stand he will lose his temper and say things that will not fit well into a cold judicial proceeding. Barnes' lawyers expect to finish his direct examination in one day. The Roosevelt lawyers will have him on cross-examination another day. Mr. Bowers, who has a sharp rasping voice to match a sharp rasping personality will conduct this inquisition. Every precauthis so he will not flare up when particularly irritating questions are asked

Will Bolster Evidence.

Col. Roosevelt spent most of the day at the home of Horace S. Wilkinson, where he is a guest. In the afternoon he took a ride in a limousine, riding in the front seat with the chauffeur, although a semiarctic gale was blowing from the north

The Roosevelt case will be concluded with an effort to validate all their print-ing evidence. The evidence thus far has hit on all sides of the requisites, but is ended they will have met all the conditions imposed by Justice Andrews.

I accredit them, as does the Apostle in our text, to demons; and, as he explains, their object was to separate

us from God and His Word. When Satan's Work Began.

Satan has been working his plan or opposition to God for more than six Satan has been working his plan of opposition to God for more than six thousand years. He began by telling Mother Eve that her sin would not bring punishment of death as God had said, and he has kept up that statement untit today. He has convinced the whole world that the dead are really more alive than when they were alive. This is the fundamental doctrine of demons. But the Bible says, "The dead know not anything." "Ecclesiastes 9:5); "The wages of sin is death"—not eternal torwages of sin is death"-not eternal tor-ment anywhere (Romans 6:23); and, "The soul that sinneth, it shall die" (Ezekiel 18:4.20). If we had believed the Bible, we would have been spared the nonsense, the fear, the delusions, which have may deceive the world no more untit the thousand years of Christ's Reign are finished and the world uplifted:— Revelation 29:1-4.

These "doctrines of demons" include

evangelists and the profane-all-to tell about Hell and devils, and the creeds to tell that all this was God's Plan. Thus effectually he puts a barrier bethem from God and the Bible.

Have not these "doctrines of devils" led thinking people away from God and religion into social flurries and nonsense? Have not men been led to plunge into business, novel-reading, "doctrines of demons."

About 1560 A. D. the people began to desire the New Testament and to doubt the inspiration of the Apostolic Bishops. Professor Tyndale translated the New Testament into English, but could not get it printed in Great Britain, because of the power of the Bishops—Protestant Bishops, mark you, afraid that the Word of God in the hands of the people would discount their authority. Tyndale persevered, had his New Testament printed in Germany, and then imported to London. Although few people could read, they have the works are the street of the prescripts."

severed, had his New Testament printed in Germany, and then imported to London. Although few people could read, they began to buy the books eagerly. But the Apostolic Bishops bought up the entire edition and burned the books publicly in front of St. Paul's Cathedral, London.

Surely, Jesus forewarned us of these would-be Apostles. (Revelations 2:2.) He appointed only twelve and recognized St. Paul as successor to Judas. These twelve were to be His special mouthpleces, the crown of twelve stars in the Church and the tweive foundation stones. (Revelation 12:1; 21:14.) Referring to the illegal Apostolic Bishops, Jesus said: "Thou hast tried them which say they are Apostles and are not, and hast found them liars."—Revelation 2:2; 2 Corinthians 11:13.

Burning the New Testaments made the matter worse. The people demanded to know why they should not be permitted to read the words of Jesus and the original Twelve. The psuedo-apostles then produced what they styled the Bishops' Bible and gave it to the people, with threats the produced what they styled the Bishops' Bible and gave it to the people, with threats the plainly told them that the Truth alone will sanctify?

I sympathize with the preachers; they are in a terrible place, as the Apostle describes in our text. "Speaking lies in hypocrisy, having their conscience sear-ed conscience could approve of the siandering of Almighty God, the representing of Him as being worse than the worst of devils we could possibly imageine. It would be a hard matter for these gentlemen, so long looked up to as standard-bearers for God and the Truth, to come humbly down from their pedestandard-bearers for God and the Truth. To come humbly down from their pedestandard-bearers for God and the Truth. To come humbly down from their pedestandard-bearers for God and the Truth. To come humbly down from their conscience sear-ed with a hot iron." Only a badly sear-ed conscience could approve of the siandering of Himas being describes in our text. "Speaking lies in hypocrisy, having their consc

out with everything; and pernaps the people would be the worse off."

What a shameful position! God has given preachers much advantage over the common people in education and time for study: and surely He will not hole him guiltless that taketh His name in vain—that slanders Him, that misrepresents Him, and that does so in the Name of God, religion and the Bible. I am speaking plainly, but not unkindly. My heart grieves for the ministers; for the judgments of the Lord surely will come upon them for their course. Our forefathers had the excuse of ignorance misunderstanding, poor translations, and severe bondages of superstition. But no excuse can be offered now for misrepresenting God, for deceiving the people of God and the world, and for joining with Satan in attempting to the the Divine Purpose of selecting the Household of Faith.
